

ISO 50001:2018 Awareness

Course Features:

This course covers the basic requirements of ISO 50001:2018 and its interpretation and hence helps in creating awareness to the group of people in the organization in order to enable them to develop and implement Energy Management System based on ISO 50001.

The objective is to make delegates understand the basics of energy, to create awareness within the organization regarding basic requirements of ISO 50001 and to impart working knowledge on how these requirements can be interpreted to suit the organization's requirements. Upon completion of this course, the delegates will learn the importance of energy planning, controls and review in improving energy efficiency of an organization.

Who should attend?

- Candidates attending higher level training courses like EnMS internal auditor/documentation and implementation/ lead auditor course
- Personnel responsible for energy conservation in an organization
- Existing energy auditors/experts

Course Contents:

- Introduction to ISO 50001, its development and history
- Basics of energy

- Basic requirements of ISO 50001:2018 and its interpretation
- Review of energy related Indian legislation

Certificate:

Certificate of attendance shall be issued to all the delegates attending entire duration of the training course.

Duration:

1 Day
